Frontend Software Developer

I am a seasoned front-end software developer with over three years of proven expertise in crafting exceptional web and app experiences. Specializing in JavaScript and its associated libraries and frameworks, including React.js, Next.js, and React Native, I bring a wealth of knowledge to every project. Let's collaborate to transform your vision into a captivating digital reality.

WORK EXPERIENCE

Delta4 Infotech Pvt Ltd • Mohali, Punjab, India • Sep 2022 – Apr 2024

Frontend Developer

- Spearheaded the development of three innovative products : Let's QA, YourGPT Chatbot, and LLM Spark from inception to launch as a key member of the founding team.
- Utilized cutting-edge technologies including React, Redux, NextUI, TailwindCss, and Socket.io to build scalable and efficient solutions.
- Led the creation of Let's QA, an anonymous Q&A and battle platform, enhancing user engagement through anonymity and social interaction.
- Developed YourGPT Chatbot, an AI-powered customer support tool, implementing multi-language support and human-like interactions for businesses of all sizes.
- Architected LLM Spark, a development platform for building production-ready LLM apps, featuring multi-LLM prompt testing, semantic search, team collaboration, and a template directory.
- Coordinated with Backend, Product, and ML teams to adopt Scrum methodologies, leading to a 20% increase in development efficiency and alignment with project goals.

Skyrockets • Mohali, Punjab, India • Feb 2022 – Sep 2022

Frontend Developer

- Played a pivotal role in developing ExploreTalent, the leading Hollywood casting platform with over 15 million talents, using Next.js, Styled Components, TailwindCss, and Socket.io to enhance user experience.
- Revamped UIs and integrated real-time features, boosting user engagement by 40% and platform performance by 30%.
- Fostered collaboration with cross-functional teams using Scrum methodologies to ensure the delivery of high - quality, tailored solutions that met user needs and business goals.

Electrobyte • Phagwara, Punjab, India • Mar 2021 – Feb 2022

React Developer

- Implemented reusable React components, reducing development time by 30% and improving code maintainability, leading to faster feature delivery and reduced bug rates.
- Developed responsive design for web application, improving user experience and brand perception.
